Meet and greet at Johannesburg International Airport (JIA)

In most cases I shall personally meet you at JIA. I am usually at the airport at least an hour before the arrival time of the flight, to check where you will get the best exchange rates and to familiarise myself with possible changes that can have an effect on your speedy transit through customs and the SAPS firearms import process. I shall be available on my cell phone at all times. If you encounter any problems you can contact me.

After arrival we supply

- All road transport in RSA from Johannesburg International Airport to the hunting concessions and back and all transport on the hunting concessions.

- Tips and gratuities to the staff.
- Any transport by air.

What you must bring

- At least three sets of hunting clothes, preferably dark green or brown or camouflaged. Khaki colour clothing is not suitable for hunting, as it looks white in the bush. Camouflaged clothing is available in RSA at reasonable prices.
- Two pairs of well-worn in hunting shoes, in case one pair gets wet, a pair of sandals for use in the camp.
- At least three pairs of thick socks.
- A cap or preferably a wide brimmed hat. The African sun is very harsh, especially in the summer months.
- Light long sleeve clothing in the summer to keep the Mosquitoes away. We do not have a malaria threat at any of our concessions.
- A warm jacket for the winter evenings and on early winter morning drives.
- Personal toiletries, antiperspirant does not work very well in the bush, as the animals can smell you a lot easier. Try to get an odourless deodorant.
- Enough cash for gratuities towards the Ph's and the camp staff. Especially the camp staff appreciates old clothes, caps, cheap watches or sweets for their children on top of a monetary gratuity.
- Your camera, we shall also take photographs of all the trophies and of the trip.
- Your binoculars.
- Anything else you would like to bring along, try to keep it to the minimum, the more you bring the more you've got to cart around.
- If you are also taking another trip before or after the hunt, your entire excess luggage can be safely stored at my house in Centurion.
- Good stories to share around the campfire, even a couple of tall stories can do the trick.
- For any prescribed medicine you must have the prescription from your doctor with you. If not you might be arrested for possession of drugs or drug trafficking.
- There is a complete list on our website.

Gratuities

I receive regular questions regarding gratuities. My view is that it is a personal gesture towards personnel that helped making your stay enjoyable; it is your prerogative to decide on gratuities. You are welcome to discuss it with me if you feel so.
